

ALEJANDRA MARTÍNEZ VARGAS

Commercial & Retail Operations Leader | Key Account Management | Trade Marketing | Business Analytics

Mexico City, Mexico | +52 55 3115 9335 | alejamtz.vargas@gmail.com | [linkedin.com/in/alejamartinezv](https://www.linkedin.com/in/alejamartinezv) | github.com/alejamartinezv

Portfolio: alejamartinezv.github.io/alejandramartinezv.github.io

PROFESSIONAL SUMMARY

Commercial and retail operations leader with 13 years of experience driving sell-out performance, trade marketing execution, and team leadership across Mexico's premier department store channel — Liverpool, El Palacio de Hierro, and Sears. Proven ability to reactivate underperforming accounts, build lasting relationships with store and category management, and deliver consistent commercial growth and operational improvements. Complements deep commercial expertise with a Business Analytics foundation (SQL, Python, Power BI) to support data-informed decision-making across category, sell-out, and inventory performance. Bilingual (Spanish native, English B2/C1).

CORE COMPETENCIES

- Key Account Management — Department Stores: 13 years building and managing commercial relationships with Liverpool, El Palacio de Hierro, and Sears across store openings, seasonal activations, and ongoing account execution.
- Trade Marketing & Retail Execution: Visual merchandising standards, promotional space negotiation, in-store activations, and brand presence management across major department store chains nationwide.
- Commercial Growth & Account Turnaround: Track record of reactivating underperforming stores and accounts through training, merchandising, and execution discipline, consistently exceeding annual growth expectations.
- Team Leadership & Coaching: Recruited, trained, and led field teams of 60+ associates plus seasonal staff; improved team stability through structured coaching and ongoing field support.
- Inventory & Category Management: Hands-on management of stock levels, replenishment coordination, and category performance tracking across multi-store national portfolios.
- Business Analytics: Practical application of SQL, Python, and Power BI to support sell-out tracking, category analysis, and commercial decision-making.

PORTFOLIO — RETAIL & COMMERCIAL ANALYTICS PROJECTS

Full portfolio: alejamartinezv.github.io/alejandramartinezv.github.io

- Retail Intelligence Dashboard (Power BI): Sell-out, sell-in, and inventory performance tracking by account and store, built to support category and KAM decision-making.
- Retail Operations Analytics: Field performance and execution analysis applied to multi-store retail operations.
- Retail Inventory SQL Analysis: Inventory and replenishment analysis using SQL across a simulated multi-location retail dataset.
- Retail Intelligence — Zara: Competitive retail analysis applied to a leading fast-fashion brand.
- Marketing Performance Analysis: Channel and campaign performance evaluation to support marketing investment decisions.
- TECNOMAXX Sales & Performance Dashboard: Sales and operational performance tracking dashboard for a multi-category retail business.

PROFESSIONAL EXPERIENCE

Trend & Accent — Premium Import Furniture — Liverpool Key Supplier **March 2019 – March 2024**

District Manager / Key Account Manager | Mexico City & National Markets

Premium lifestyle brand distributed exclusively through 24 Liverpool AAA stores nationally. High-ticket products (MXN \$6,000–\$100,000+). Direct commercial relationship with Liverpool floor managers, visual teams, and store leadership.

- Reactivated underperforming stores through redesigned product training and direct negotiation of premium display placement with Liverpool floor managers and visual teams, consistently exceeding growth expectations within the first quarter of implementation.
- Managed brand presence and sell-out performance across 24 Liverpool AAA points of sale — 12 CDMX flagship stores plus 12 national markets including Guadalajara, Monterrey, and León.
- Built and maintained strategic relationships with Liverpool's floor managers, visual teams, and store leadership, developing deep familiarity with internal decision-making processes.
- Led go-to-market activations, seasonal campaigns, and display upgrades in close collaboration with Liverpool's commercial teams.
- Analyzed point-of-sale trends, competitive activity, and inventory data to identify business opportunities and recommend corrective actions to commercial leadership.

Distribuidora Internacional Lingerie de México (Leonisa) November 2011 – June 2017

District Manager | Trade Marketing & Retail Operations | National Coverage

Premium lingerie brand with the largest department store footprint in the portfolio: 50+ Liverpool, 14 El Palacio de Hierro, Sears, and 6 brand-owned stores. National retail coverage supporting commercial execution and account performance across department store channels.

- Managed commercial relationships with Liverpool, El Palacio de Hierro, and Sears nationally — negotiating display space, seasonal campaigns, promotional investment, and ongoing commercial terms.
- Consistently exceeded annual growth expectations through disciplined, account-specific commercial planning and execution.
- Identified unmet market demand for extended and larger sizing through structured field feedback and sales insight; escalated the business case to the Colombia product team, contributing to a new product line that opened a new customer segment in Mexico.
- Led a field team of 60 associates plus seasonal staff; improved team stability through structured coaching, training programs, and ongoing field support in historically high-turnover markets.
- Oversaw marketing and merchandising standards for 6 brand-owned stores opened in 2014–2015, coordinating with corporate teams on purchasing, supply, and accounting.
- Coordinated Liverpool flagship store openings — Interlomas, Antea Querétaro, Paseo Toluca, and Serdán Puebla — covering commercial launch, display installation, and team training.
- Gathered and communicated competitive intelligence on pricing, assortment, and promotional activity to support account strategy and category planning.

Airbnb — International Property Manager

July 2017 – February 2019

Property Manager | Vancouver, BC, Canada

- Managed bilingual short-term rental operations in the North American market — dynamic pricing, demand analysis, vendor coordination, and guest experience.
- Maintained consistent occupancy through strategic pricing and reservation logistics, achieving peak monthly revenue of CAD \$9,000.

EDUCATION & CERTIFICATIONS

- TripleTen — Data Analytics Bootcamp + Career Accelerator (October 2024 – March 2026). Python, SQL (PostgreSQL), Power BI, Tableau, scikit-learn, Git/GitHub. 24 applied portfolio projects.
- Universidad Tecnológica de México (UNITEC) — Bachelor's Degree in Business Administration.
- Languages: Spanish (native) | English B2/C1 (business level).
